Notes: It is highly recommended that all regular depth burials be enclosed in a cement vault or crypt to prevent damage from adjacent burials. Extra depth burials require the use of a vault or crypt. These are purchased through the funeral home and include grave preparation services.
Casket burials in plots provided with a monument foundation shall be head to the foundation.

FOR YOUR INFORMATION:

1. When a person has died, the Division Registrar issues a Burial Permit, showing that the death was registered. This permit must be surrendered to the Cemetery Board **prior to interment.**
2. Proper identification of the burial site and precise instructions must be given to the Cemetery Board prior to interment. The Board cannot be held responsible for any errors resulting from incorrect instructions or lack of information.
3. Except in special circumstances, the Cemetery Board shall be notified at least 72 hours prior to interment to allow sufficient time to prepare the grave site.
4. A maximum of two casket interments can be made in any one adult grave site. Special arrangements can be made with the Cemetery Board for additional cremation burials in an adult plot. No plot may contain more than 4 burials.
5. All outstanding amounts for interment rights, care and maintenance, interment fees and other cemetery charges **must be paid in full** prior to any interment/entombment.
6. The person authorizing the purchase of interment rights shall be responsible for all charges incurred.
7. Plots in Sections G and J are sold in numbered sequence only, starting with either the north or south end of each row. Prices in these sections include the monument foundation.
8. For disinterments, if the original burial did not include an outer container, one must be purchased through the authorizing funeral home. Cost of disinterments shall be quoted at the time of need.
9. No burials are permitted on Sundays.
