Hi everyone,

A few of you have emailed me to tell me that you didn’t realize there was work for your children to do or that you were not sure what it was. I am resending the email I sent a month ago so that you can catch up.

Please do this work first and then you can do the lesson that I will send at the beginning of next week. You do not have to be on the same timeline as others.

I realize that you all live in a variety of circumstances – from those who are bored silly and craving something to do to those who are overwhelmed trying to work at home and teach your children. Please know the parish is here to support you not to be a burden. We believe that continuing to do this minimal bit of preparation will help facilitate a connect to the life of faith that will ultimately help us all get through this pandemic.

Please, please, please know that you can reach out to me. When you call the office number (below), messages are immediately forwarded to me and I can call you back on my cell phone.

Peace,
Christine

Christine Way Skinner
Lay Pastoral Associate
St. John Chrysostom Parish
