

CAUTION

Parking Lot Paving Notice

We will begin paving our parking lot areas on **July 31, 2025** with the project expected to last approximately **two weeks**, weather permitting.

Work will begin with the large parking lot across the street, followed by the parking areas surrounding the church and administration building. We anticipate that the large parking lot will be closed for **only one weekend** during this period.

Alternate parking will be available on the surrounding streets throughout the duration of the project.

We appreciate your patience and understanding as we complete these necessary improvements to our facilities.
